We are philanthropic resources for local giving and, since our grassroots establishment in 1999, have grown to manage more than \$15M across 185+ funds. Community foundations are designed to accept contributions from people who want to make a lasting difference in their communities. Organised efforts by community trusts result in the collection and distribution of funds that greatly benefit local communities through grants and gifts to local charities and charitable community projects. By collaborating with local government, nonprofits, business leaders and you and our neighbors, we are creating a vibrant community for now and for future generations.
